Section 6-5 - Definitions

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abandon. means the act of placing an animal on public property or within a public building, unattended or uncared for, or on or within the private property of another without the express permission of the owner, custodian or tenant of the private property. An animal shall also be considered abandoned when it has been unattended and without adequate food, water, ventilation or shelter, for a period in excess of 36 hours, regardless of where such animal may be found or kept.

Adequate food. means sufficient quantity of non-contaminated and nutritionally healthy sustenance that is appropriate to the species, breed, size, age and health of the animal, or at the direction of a licensed veterinarian, which is sufficient to prevent

starvation, malnutrition, or risk to the animal's health. Garbage, spoiled, rancid, or contaminated food is not adequate food.

Adequate shelter. means a protective covering for an animal that is of adequate size and provides adequate protection to maintain the animal in a state of good health, and that prevents pain, suffering, or significant risk to the animal's health. Adequate shelter shall consist of a completely enclosed structure with four sides with a door opening, a constructed floor, and a roof. It should also be clean, dry and compatible with current weather conditions, in addition to age, size, species and condition of the animal. The structure should be of sufficient size to allow the animal to stand, turn around, lie down and go in and out of the structure comfortably. To be adequate, some type of bedding that is quick drying, such as hay or pine straw, must be provided to maintain comfortable temperatures within the structure during times when the ambient, outside temperature is below freezing. In addition, the structure shall include a heavy plastic or rubber flap to cover the door and/or window openings during the months of November through March. From April through October, the structure shall either be shaded or moved out of direct sunlight. If the shelter is made of wood, it shall be raised at least two inches off the ground to prevent seepage or rotting. Examples of inadequate shelter include, but are not limited to, lean-tos, metal or plastic drums, boxes, abandoned vehicles, porches, decks, or material that does not provide sufficient protection from the elements.

Adequate space. means a sufficient safe space for adequate exercise suitable to the age, size, species and breed of animal. For dogs, adequate space means an enclosure with a minimum of 150 square feet per dog.

Adequate water. means clear, drinkable water in adequate supply. Examples of inadequate water include, but are not limited to: snow, ice and rancid/contaminated water.

However, no dog may be declared dangerous if the threat, injury or damage was sustained by a person who, at the time, was committing a willful trespass or other tort upon the premises occupied by the owner or keeper of the dog, or was teasing, tormenting, abusing, or assaulting the dog or has, in the past, been observed or reported to have teased, tormented, abused or assaulted the dog or was committing or attempting to commit a crime. The definition shall not be construed to include any dog that is part of a governmental organization or a trained guard dog in performance of its duties.

Dogs' running at-large. means any dog not under immediate control, not on a leash, not at heel, not beside a competent person, not in a vehicle driven or parked, or not confined within the property limits of his owner. Hunting and tracking dogs are under the control of the owner when hunting with the landowner's permission.

Owner. means any person, firm, corporation, partnership, association, and/or other legal entity, who or which owns, possesses, harbors, keeps, feeds, maintains, or knowingly causes or knowingly permits an animal to be harbored or kept, or has an animal in his care, or who permits an animal to remain on or about his premises. Without limiting the generality of the foregoing, any adult at whose residence a dangerous dog or potentially dangerous dog is kept or found shall be presumed to be an owner of such dog and shall have the burden of rebutting such presumption. If an animal has more than one owner, any one of such owners may be prosecuted for violations whether or not any other owners are also prosecuted.

Police officer. means any law enforcement officer empowered to make arrests or cause to be issued summonses in the City of Elberton.

Severe injury. means any injury which results in a broken bone, lacerations severe enough to require multiple sutures or to render cosmetic surgery necessary or appropriate, or death.

Tethered. means an animal attached to a stationary object or pulley system by a chain, rope, cable or similar device. This shall not include using a leash for walking purposes.

Vicious dog. means any dog that inflicts a severe injury on a human being without provocation after the owner has notice that the dog has previously bitten or attacked or endangered the safety of a human being and/or any dog that is owned, possessed, kept, harbored, trained, or maintained for the purpose of fighting. Such term shall not include a dog that inflicts an injury upon a person when the dog is being used by a law enforcement officer to carry out the law enforcement officer's official duties. A dog shall not be considered a vicious dog if the injury inflicted by the dog was sustained by a person who, at the time, was committing a willful trespass or other tort or was tormenting, abusing, or assaulting the dog or had in the past been observed or reported to have tormented, abused, or assaulted the dog or was committing or attempting to commit a crime.

The owner of any animal impounded may, within forty eight (48) hours after receiving the notice, reclaim the animal by the payment of an impoundment fee plus a boarding fee for each day the animal was impounded; and the cost of rabies vaccination if the animal has not been vaccinated within the prescribed time period. These fees, as applicable, shall also apply to biting animals held for rabies observation at the animal control facility.

This action may be taken to control the spread of disease or to eliminate any further pain and suffering of an animal. Every attempt will be made to stabilize an owned animal to afford the owner the opportunity to pick up the animal.

(c) For any animal that is impounded for law enforcement purposes, at the

(c) When, in the opinion of a supervisor of the animal control unit, a diseased or injured animal, taken into custody, is in need of immediate treatment, so as to lessen the animal's suffering or to prevent the spread of a communicable disease to other animals, he shall immediately obtain the services of or place the animal with a licensed veterinarian for the purpose of administering necessary treatment.

(d) An animal may be euthanized at anytime, when, in the judgment of the animal control officer or responding police officer, it is determined that:

A vicious animal shall be immediately confiscated by an animal control or law enforcement officer if the vicious animal is not maintained in a proper enclosure; or if the vicious dog is outside a proper enclosure in violation of this article. Upon impounding a vicious animal for any reason, the animal control unit may for reasons of public safety, retain the animal at the impoundment facility until disposition by the appropriate court.

period, shall be euthanized and a lab specimen of brain tissue sent to the state department of epidemiology for testing and control of rabies.

(c) Unvaccinated or unwanted animals bitten by a known potentially rabid animal shall be euthanized immediately. If the owner of the unvaccinated animal is unwilling to have the animal euthanized, upon approval of the animal control unit, the exposed animal shall be placed in quarantine for six months and vaccinated one month prior to being released. The owner or possessor is responsible for quarantining the exposed unvaccinated animal in strict compliance with the policies and procedures of the animal control unit and county board of health.

(f) Failure to comply with the quarantine and/or confinement requirements of this section, the animal control unit, or the county board of health constitutes a violation of this chapter and may result in the impoundment of the animal. In that event, the owner or possessor remains responsible for all veterinary, boarding, and other expenses incurred on behalf of the quarantined animal.

Section 6-40 - Removal of fecal deposits required.

(a) It shall be unlawful for any person who harbors, possesses or is in charge of a domestic animal, either restrained or unrestrained, or who harbors or is in charge of any animal to fail to remove excrement deposited by such animal on any property other than the property of the owner of the animal.
