October 31, 2025

The Honorable R. Daniel Graves, Mayor Members of the City Council, and Citizens of the City of Elberton

Ladies and Gentlemen:

The Annual Comprehensive Financial Report of the City of Elberton, Georgia, for the fiscal year ended June 30, 2025, is submitted for review as mandated by both local ordinance and state statutes. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

To provide a reasonable basis for making these representations concerning the finances of the City, the City of Elberton has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Elberton's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

In the Financial Section immediately after the independent auditor's report is a management's discussion and analysis which provides a narrative introduction, overview, and analysis of the basic financial statements. Management's discussion and analysis begins on page 5. The Elberton Code of Ordinances and the Official Code of Georgia, annotated, require an annual audit of the books of account, financial records and transactions of all funds and activities of the City by independent certified public accountants selected by the Mayor and Council. This requirement has been met, and the independent auditor's report has been included in the Financial Section of this report.

This report has been prepared with the guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA), in accordance with

generally accepted accounting principles and current financial reporting standards as set forth by the Governmental Accounting Standards Board (GASB).

PROFILE OF THE GOVERNMENT

The City of Elberton is located in the northeast part of the State of Georgia, within the boundaries of Elbert County. According to the 2020 U.S. Census, Elberton has a population of 4,640 while Elbert County has 19,637. Elberton is approximately 35 miles east of Athens, Georgia, and about 100 miles east of Atlanta. Elberton was chartered by the State of Georgia in 1803. The governing authority of the City is composed of a Mayor and five Council Members, who appoint a Manager to administer the daily operations of the City.

The City of Elberton provides a full range of governmental and utility services. These include general government administration, police and fire protection, sanitation and recycling services, animal control, streets and public works, cemetery services, parks and recreation, planning and zoning, and a municipal court system. Elberton Utilities, a department of the City of Elberton, provides electric, natural gas, water and wastewater services to customers in the City as well as a large portion of Elbert County. ElbertonNET Technology Services, a department of the City, provides telecommunications, cable television, and Internet, and voice-over-IP phone services to customers in the City and parts of Elbert County.

The annual budget serves as the foundation for the City of Elberton's financial planning and control. All agencies of the City of Elberton are required to submit requests for appropriation to the City Manager in April of each year. The City Manager uses these requests as a starting point for developing a proposed budget. The City Manager then presents this proposed budget to the council for review during the month of May. The council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than June 30, the close of the City of Elberton's fiscal year. The appropriated budget is prepared by fund, function, and department. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

This report includes all the funds of the City of Elberton. Following standards established by the Governmental Accounting Standards Board and others, the City of Elberton has reviewed the relationship between itself and other local agencies to determine the amount of control or dependency on the City. The procedures to determine the amount of control or dependency have been outlined in the notes in the Financial Section. As stated in the notes to the basic financial statements, the City of Elberton Housing Authority has not been included in the City's financial statements. The City has included the Downtown Development Authority in this financial report as a discretely presented component unit because that legally separate entity has a high level of financial dependency from the City, and the authority board members are appointed by the Mayor and Council of the City.

ECONOMIC CONDITION AND OUTLOOK

The City's economy continues to be based on the granite industry, which began operation in 1898. In 1951 the Elberton Granite Association, Inc., was formed to encourage cooperation

between quarries and manufacturers. A total of 120 separate firms and quarries are operating businesses in granite production or its allied services in Elbert County. Approximately 1,800 persons are employed in the granite industry, with an annual payroll of \$57 million. Statistics indicate that Georgia's stone industry, centered in the Elberton granite district, continues to lead the nation in total production. The financial well-being of Elberton is heavily dependent on a stable granite industry.

The City's purchase of and continuing investment in the Elberton Industrial Park underscores the City's commitment to economic growth in the area. Elberton Utilities and ElbertonNET will continue to work closely with local industry to provide needed infrastructure for expansion at local plants. Elberton's Industrial Park is home to the nationally famous "Bubba Burger." "Bubba Burgers," made in Elberton, are shipped all over the eastern seaboard and Midwestern U.S. Additionally, the City has continued to invest in the Elberton Industrial Park with a newly constructed 50,000 square foot speculative building which was completed during the fiscal year.

The Downtown Development Authority has operated the Main Street Elberton organization for over twenty years. The City employs a full time director to manage the Main Street program and to work with businesses in the historic downtown area to plan and promote events that attract commerce to the downtown area. Main Street also recruits small businesses to occupy vacant commercial spaces in the area. Annually, Main Street Elberton is recognized as an "Accredited National Main Street Program" by the National Trust for Historic Preservation.

LONG-TERM FINANCIAL PLANNING

The Mayor and Council of the City of Elberton meet annually with the City Manager and department heads to discuss the overall operations of the city. The elected officials and staff review the financial performance of the city departments and evaluate the various revenue streams of the city including taxes and sales of utility services. During this planning session, the elected officials agree on the overall strategic direction of the city and various projects to be included in the upcoming annual budget. The progress of long-term capital projects are reviewed and evaluated.

The Mayor and Council will review proposed expansion capital projects for the utility systems based on an anticipated payback schedule. Most projects have a payback period of less than ten years. However, some are longer.

The Mayor and Council are presented with financial information usually with a ten-year history of revenues and expenditures. The total unrestricted cash on hand at year-end is examined and the days of operating cash on hand is evaluated. The current ratio (current assets divided by current liabilities) is examined. Total long-term debt and total required debt service (principal and interest payments) is considered.

MAJOR EVENTS OR INITIATIVES

The City continued to provide daily services to 4,600 citizens in the City as well as over 7,700 utility accounts in the City and Elbert County. The impact the City has on this community is evident on a daily basis in the majority of homes, businesses, and organizations in the area. Following are highlights of major projects or events in fiscal year 2025.

The City of Elberton began receiving proceeds from the 2023 Special Purpose Local Option Sales Tax (SPLOST) during fiscal year 2024. Approved by Elbert County voters, this special sales tax is budgeted to provide \$4.64 million in funding for capital projects in the City of Elberton over the next six years. Several capital projects undertaken in fiscal year 2025 were financed through the 2023 SPLOST, including the purchase of vehicles and equipment for the police, fire, and public works departments. The tax also funded construction of a new concrete apron and parking lot at the fire training facility, supported the completion of a downtown renovation project, and contributed to the completion of the new splash park.

The City of Elberton also began receiving proceeds from the 2024 transportation special purpose local option sales tax (TSPLOST) in fiscal year 2024. This special sales tax, approved by Elbert County voters, was budgeted to fund \$3.68 million of capital projects specifically for transportation in the City of Elberton. During fiscal year 2025, a total of 1.65 miles of streets were paved with the 2024 TSPLSOT funds.

The divisions of Elberton Utilities began construction on several projects in fiscal year 2025 as part of the City's long-term renewal and expansion plans. The Electric Division focused on renewal projects designed to improve the safety, longevity, and reliability of the City's electric grid. Specifically, the division replaced several hundred poles to strengthen and modernize the electric infrastructure.

The Natural Gas Division began work on two gas main extensions during fiscal year 2025. Once completed, these extensions will provide service to poultry farms as well as several residential customers within the county.

Lastly, the Water Division initiated upgrades at the water filtration plant. These upgrades include renovations and improvements to Clearwell No. 1, along with piping modifications and enhancements. Together, these improvements will increase the reliability and efficiency of the City's water production system.

During fiscal year 2025, ElbertonNET continued advancing several projects to extend fiber-to-the-home connectivity to dozens of previously unserved census blocks within the county. In addition, ElbertonNET began the construction phase of a new fiber-to-the-home overbuild to replace the original legacy network. Throughout the year, ElbertonNET also invested in upgrades to its headend equipment to support increasing bandwidth demands and growing internet usage.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Elberton for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024, for the twenty-second consecutive year. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized ACFR, the contents of which conform to program standards. The ACFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA for review.

We would like to thank the Mayor and the members of the City Council for their interest and support in this report on the financial condition of the City. The Mayor and Council should also be acknowledged for their valuable contributions in the planning and conducting of the financial affairs of the City in a responsible and progressive manner.

Respectfully submitted,

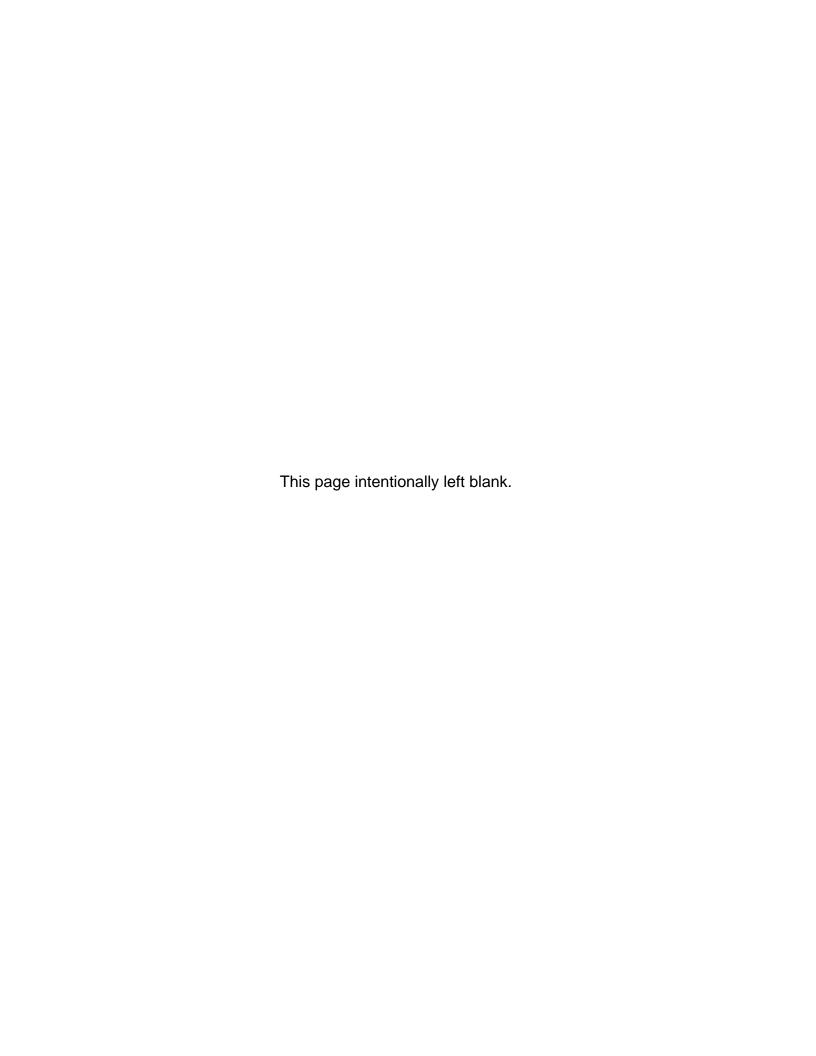

Kevin Eavenson

City Manager

Regina Routh
Finance Director

Part II Financial Section

Independent Auditor's Report

Honorable Mayor and Members of the City Council City of Elberton, Georgia

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Elberton, Georgia, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Elberton, Georgia, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Elberton, Georgia and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Elberton, Georgia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the City of Elberton, Georgia's internal control. Accordingly, no
 such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Elberton, Georgia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information as referred to in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Elberton, Georgia's basic financial statements. The combining and individual fund financial statements and schedules, the schedule of projects financed with transportation special purpose local option sales tax, and the schedule of projected financed with special purpose local option sales tax are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund financial statements and schedules, the schedule of projects financed with transportation special purpose local option sales tax, and the schedule of projects financed with special purpose local option sales tax are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the schedule of projects financed with transportation special purpose local option sales tax, and the schedule of projects financed with special purpose local option sales tax are fairly stated in all material respects in relation to the financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States, the City of Elberton, Georgia's basic financial statements for the year ended June 30, 2024, which are not presented with the accompanying financial statements. In our report dated November 1, 2024, we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Elberton's basic financial statements as a whole. The individual fund financial statements and schedules, related to the 2024 financial statements, are presented for the purposes of additional analysis and are not a required part of the financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2024 individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Other Information

Management is responsible for the other information in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2025, on our consideration of the City of Elberton, Georgia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Elberton's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the City of Elberton is pleased to provide this narrative discussion and analysis of the City's financial activities for the fiscal year ended June 30, 2025. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City of Elberton exceeded its liabilities and deferred inflows at the close of the fiscal year by \$63.8 million (reported as "net position"). Of this amount, \$21.5 million (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$2,611,070 as a result of this year's activities.
- The City's governmental funds report combined ending fund balances of \$3,330,923. Approximately 3% of this amount, \$108,201, is available for spending at the City's discretion (*unassigned fund balance*), within the purposes of the funds.
- The City's proprietary funds report net position of \$52.9 million at the end of the fiscal year, an increase of \$779,946 as a result of the current year's operations.
- The City's liabilities totaled \$12.7 million on June 30, 2025. About half of these liabilities (54% or \$6.9 million) consist of revenue bonds, notes payable, leases, or interest on those obligations to finance improvements or extensions of the City's business-type activities.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Elberton's basic financial statements. The City of Elberton's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements include the statement of net position and the statement of activities. One of the most important questions asked about the City's finances is "Is the City as a whole better off or worse off as a result of the year's activities?" The statement of net position and the statement of activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net position*. The City's *net position*, which is the difference between assets, what the citizens own, and liabilities, what the citizens owe, is one way to measure the City's *financial position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Other non-financial factors, however, such as changes in the City's property tax base and the condition of the City's capital assets (roads, buildings, and utility systems) must be considered to assess the *overall health* of the City.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements divide the City into two kinds of activities:

- Governmental activities: most of the City's basic services are reported here including police, fire, infrastructure maintenance, parks and recreation, cemetery, and general administration. Taxes, grants, and interfund transfers from the utility system finance most of these activities.
- Business-type activities: the City charges a fee to customers to cover all or most of the cost of certain services it provides. The City's utility and solid waste services are reported here.

The government-wide financial statements can be found on pages 15-17 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required to be established by state law. The City of Elberton uses three categories of funds: governmental funds, proprietary funds, and a custodial fund.

In fund financial statements, information is presented in separate columns for each of the major funds. Data from non-major funds are combined into a single, aggregated column for presentation. Individual fund data for each of these non-major funds is provided in the form of combining statements elsewhere in this report.

Governmental funds. Most of the City's basic governmental activities reported in the government-wide statements are accounted for in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation following the fund financial statements. The City uses several governmental funds, of which the general fund is considered a major fund, whose basic financial statements can be found on pages 18-23 of this report.

Proprietary funds. When the City charges customers for the full or partial cost of the services it provides whether to outside customers or to other units of the City, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the *statement of net position* and the *statement of activities* using the accrual basis of accounting. *Enterprise funds* are a type of proprietary fund used to account for functions reported as *business-type activities* in the government-wide statements. The City uses several enterprise funds to account for separate business-type activities and are reported in the basic proprietary fund financial statements on pages 24-28 of this report.

Custodial fund. The City is a trustee, or fiduciary, for the municipal court custodial fund. The City's fiduciary activity is reported in a separate Statement of Fiduciary Net Position on page 29. This activity is excluded from the City's other financial statements because the City cannot use these assets to finance its operations.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31-79 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including combining financial statements for non-major funds referred to earlier. Individual fund statements and schedules are presented following the required supplementary information. These statements and schedules contain much more detailed financial information about individual services or divisions of the City.

This report includes two schedules (pages 19 and 21) that reconcile the amounts reported on the governmental fund financial statements (modified accrual basis of accounting) with the governmental activities reported on the government-wide financial statements (accrual basis of accounting). The following summarizes the impact of transitioning from modified accrual to accrual accounting:

- Capital assets used in governmental activities on the government-wide statements are not reported on the fund financial statements.
- Unless due and payable, long-term liabilities appear only in the government-wide statements.
- Capital outlay spending results in capital assets on the government-wide statements but is reported as expenditures on the governmental fund financial statements.
- Some expenses reported in the government-wide statements represent increases in liabilities on the government-wide statements but are not reported as expenditures in governmental funds because they do not require the use of current financial resources.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Elberton, assets exceeded liabilities by \$63,845,158 at the close of the most recent fiscal year.

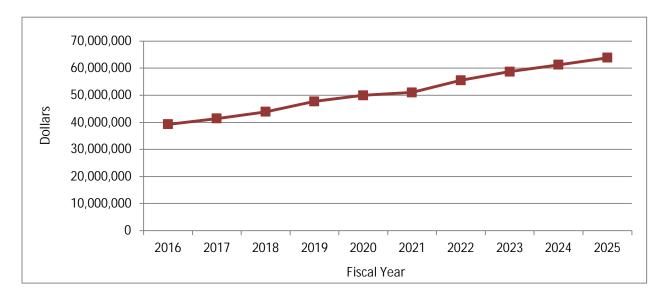

City of Elberton

Total Net Position – Ten Fiscal Years

The largest portion of the City's net position (61%) reflects its investment in capital assets (e.g. land, buildings, machinery and equipment), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position totaling \$3,117,692 is constrained by legal requirements and is not available for day-to-day operations of the City. The remaining balance of *unrestricted net position* (\$21,538,047) may be used to meet the City's ongoing obligations to citizens and creditors. The portion of unrestricted net position from business-type activities was \$22,176,114 at the end of the fiscal year. The portion of unrestricted net position resulting from the City's governmental activities was negative \$638,067 at the close of the fiscal year.

The City's net position increased by \$2,611,070 during the current fiscal year. Governmental activities resulted in an increase in net position of \$1,831,124 while business-type activities resulted in an increase of net position of \$779,946. The following table was derived from the government-wide Statement of Activities and reflects how the City's net position changed during the fiscal year.

Governmental Activities. Governmental activities increased the net position of the City by \$1,831,124. Revenues for the City's governmental activities decreased by 4% (\$197,159) compared fiscal year 2024. This decrease in revenues is mostly attributed to a decrease in operating grants and contributions in FY25 compared to FY24 due to the prior year recognition of American Rescue Plan Act funding.

Expenses for governmental activities decreased by 6% (\$415,401) during fiscal year 2025.

Revenues by Source – Governmental Activities

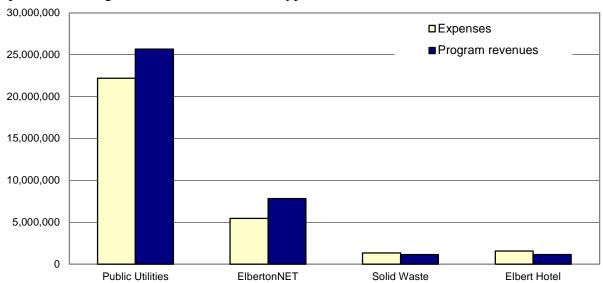

Business-type activities. Business-type activities increased the City's net position by \$779,946. Key elements of this increase are as follows:

• Sales for business-type activities were \$34.8 million, which was an increase of \$1,518,109 from the prior fiscal year sales.

- Sales and operating revenues in the combined public utility fund for electric, water, sewer, and natural gas services increased by \$1,245,038 or 5.3% over last fiscal year. Electric sales increased 4.6%, natural gas sales increased by 11.9%, and water and sewer sales decreased by .1%. The majority of the increase for electric and natural gas sales is due to increased consumption as a result of a much colder winter in fiscal year 2025. Operating income in the combined public utility fund before non-operating income or losses or transfers to other funds was \$2.74 million, or 1.5% higher than last year's income of \$2.70 million.
- The ElbertonNET technology services enterprise fund experienced sales of \$7.67 million, an increase of 1.5% over the prior year sales of \$7.56 million.
- Sales for the Solid Waste operations totaled \$1,079,009, an increase of \$15,013 or 1.4% over the prior fiscal year.
- Sales in the Elbert Hotel fund totaled \$1,118,330, an increase of \$123,087or 12% more than the prior fiscal year. The Elbert Hotel maintained stable lodging occupancy rates throughout the fiscal year as compared to the prior fiscal year.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S INDIVIDUAL FUNDS

As noted earlier, the City of Elberton uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and financial reporting requirements.

Governmental funds. The City uses governmental funds to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's general fund reported an ending fund balance of \$401,211, a decrease of \$228,146 or 36% in comparison with the prior year. Approximately 27% of this amount (\$108,201) constitutes *unassigned fund balance*, which is available for spending at the City's discretion. The remainder of fund balance is either (a) *nonspendable* to indicate that these amounts cannot be spent because they are either not in a spendable form such

as inventory and prepaid insurance, (b) are legally or contractually *restricted* for a particular purpose such as special purpose sales tax proceeds, or (c) are *assigned* for a particular purpose or project by management.

As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 1.5% of total general fund expenditures for the current fiscal year.

As in previous fiscal years, the City of Elberton levied no property tax to finance current operations. Therefore, the City's general fund relied heavily on transfers from the proprietary funds (or business-type activities) to finance the governmental activities of the City such as public safety and public works. The transfer from the combined public utility enterprise fund was \$3,683,151 which is \$1,374,818 more than the amount transferred in fiscal year 2024.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The change in net position in the proprietary funds is depicted in the following table. Factors concerning the performance of the proprietary funds have already been addressed in the discussion of the City of Elberton's business-type activities.

Net Position as of June 30, 2025

GENERAL FUND BUDGETARY HIGHLIGHTS

There was one budget amendment approved during the fiscal year to reallocate for expenditures that were not planned in the original budget. Total appropriations did not increase for the fiscal year. General fund revenues ended the year at 2%, or \$62,388, below budget. Additionally, expenditures in the general fund were \$61,087, or 1%, under budget for the fiscal year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The City of Elberton's investment in capital assets for its governmental and business-type activities as of June 30, 2025, totals \$46,493,605 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure, and distribution systems for electricity, natural gas, water, sewer, and broadband services. This total also includes \$377,692 in intangible assets, primarily for the City's raw water storage rights at Lake Richard B. Russell. More detailed information about the city's capital assets is presented in the notes to the basic financial statements.

During the fiscal year, the City invested \$3,943,715 in new capital assets. Investment for business-type activities totaled \$2,027,319 while \$1,916,396 was for governmental activities. Major capital asset events during the current fiscal year included the following:

Governmental Activities – \$1,916,396 total

- \$88,536 for the purchase of patrol cars and equipment for the police department
- \$210,848 for the addition of a concrete apron and parking lot at the fire department live-burn training facility
- \$86,590 for the purchase of a new truck for the public works department
- \$29,250 for the purchase of 2 new vehicles for the police department
- \$45,995 for Heard Street curbing, sidewalk infrastructure improvements
- \$1,455,177 for construction on the new splash park facility

Business-type Activities – \$2,027,319 total

- \$17,807 for the installation of a new equipment shed for the utilities department
- \$46,790 for the purchase of a new truck for the electric department
- \$29,856 for the rehabilitation of the Calhoun Falls Hwy electric line
- \$146,429 to begin construction of the water clearwell and piping upgrade project at the water filter plant
- \$48,737 to begin construction of the galvanized water main replacement project
- \$924,443 for the completion of the Fortson Creek sewer main rehabilitation project
- \$55,976 to purchase a new backhoe loader for the water department
- \$5,100 to begin the natural gas main relocation project on Hartwell Hwy
- \$70,517 to construct an additional 5500 feet of natural gas main on Limo Road
- \$125,231 to construct 12,500 feet of natural gas main on Brewers Mill Road to a poultry farm
- \$9,169 for the completion of the new speculative building in the Elberton Industrial Park
- \$7,078 to purchase a new cable reel trailer for the ElbertonNET department
- \$59,001 for the construction of fiber-to-the-home system expansions for ElbertonNET
- \$231,375 for construction of the new fiber-to-the-home overbuild of the original copper plant for ElbertonNET
- \$229,858 for the purchase of a new garbage truck for the solid waste department
- \$19,952 for new housekeeping equipment for the Samuel Elbert Hotel

Additional information on the City's capital assets can be found in Note 10 on pages 54-56 of this report.

Debt Administration. At the end of the current fiscal year, the City had no outstanding general obligation debt backed by the full faith and credit of the City.

The City has five outstanding notes payable with the Georgia Environmental Facilities Authority for water system improvements and for sewer plants improvements. The balance of these notes at June 30, 2025 was \$5,048,440.

The City has entered into an intergovernmental agreement with the Elberton Downtown Development Authority (DDA) to finance renovations and improvements at the Samuel Elbert Hotel. A revenue bond was issued by the DDA for this purpose, and due to the contractual obligation of the City to make these monthly bond payments, the bond payable is recognized by the City in its Elbert Hotel Enterprise Fund. The balance of this bond payable at June 30, 2025 was \$1,841,583.

Other long-term obligations of the City include accrued vacation pay and contractual liability for the Elberton-Elbert County landfill post-closure care. More detailed information about the City's long-term liabilities is presented in the notes to the basic financial statements.

Additional information on the City's long-term debt can be found in Note 11 on pages 57-63 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Activity in the local economy reflected an increase in sales taxes in fiscal year 2025 of nearly 1.2% over fiscal year 2024. The local unemployment rate remained stable during the fiscal year at 4.0% in 2025, with a slight increase from 3.7% in 2024.

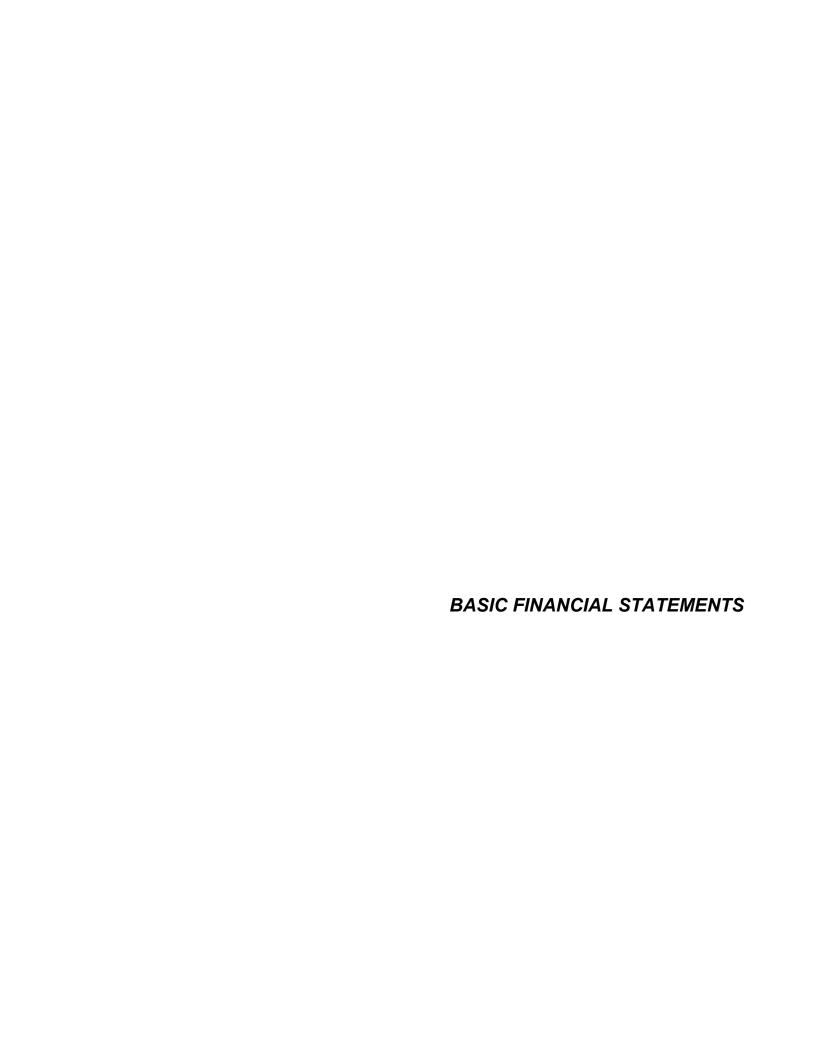

During 2025, the City's utility system did not experience any gain or loss of its top customers. The businesses located in the Elberton Industrial Park and several large granite companies continue to provide stable employment and are vital utility customers of the City.

The overall City budget for fiscal year 2026 increased by 6.9% over fiscal year 2025. The rates and fees schedule for the general fund and utility services were reviewed in preparation for the 2026 budget. As a result, there were no material changes made to the fees schedule in the general fund for fiscal year 2026. All other rates for the City utilities and services will remain unchanged with the exception of the solid waste rates. The solid waste rates were increased by 8% on residential and commercial solid waste services. Additionally, residential base charges were increased for water, sewer, and natural gas services for fiscal year 2026.

Other than certain capital grant revenues and expenditures, the overall policy of next year's budget will remain the same as this year. Property taxes will not be levied, and the general fund will operate on transfers from business-type operations.

REQUESTS FOR INFORMATION

Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the City Manager, Post Office Box 70, 203 Elbert Street, Elberton, Georgia 30635-0070.

ADDITIONS Fines and forfeitures collected for other governments	\$ 95,363

1. Description of Government Unit

The City of Elberton was incorporated under the laws of the State of Georgia in 1803 and operates under an elected Mayor-Council form of government. The City provides a full range of governmental services, including public safety, highways and streets, public improvements, recreation, planning and zoning, and general administrative services, as well as electric, water and sewerage, natural gas, telecommunications, and sanitation services provided through enterprise funds.

2. Summary of Significant Accounting Policies

A. Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

B. Reporting Entity

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

2. Summary of Significant Accounting Policies (continued)

B. Reporting Entity, continued

Elberton Downtown Development Authority

The Elberton Downtown Development Authority was established as a legally separate entity, which operates pursuant to the Official Code of Georgia Annotated. The Authority consists of seven directors, who are appointed by the Mayor and Council, and an executive director. The Downtown Development Authority provides for the vitalization of the downtown area of the City of Elberton. In many respects, the Authority functions similar to a City department through regular participation in department director meetings, accounting, payroll, etc. The Authority is included in the reporting entity due to the significance of its financial relationship with the City. The City is able to significantly influence the programs and services performed or provided by the organization.

The Elberton Downtown Development Authority is reported in a separate column to emphasize that it is legally separate from the City. Individual financial statements are presented as part of the City's Annual Financial Report in the sections labeled "Component Unit" (See Exhibit H). The Elberton Downtown Development Authority has a June 30th year-end. Individual financial statements may be obtained by contacting the Elberton Downtown Development Authority, PO Box 70, Elberton, GA 30635.

C. Basis of Presentation – Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the government has one discretely presented component unit. While the Downtown Development Authority is not considered to be a major component unit, it is nevertheless shown in a separate column in the government-wide financial statements.

2. Summary of Significant Accounting Policies (continued)

<u>C. Basis of Presentation – Government-wide Financial Statements,</u> continued

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's Combined Public Utilities and ElbertonNET Technology Services Enterprise Funds and the other functions of the government. Elimination of these charges would distort the direct costs of program revenues reported for the various functions concerned.

D. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental fund:

General Fund - The general operating fund of the City is used to account for all financial resources not accounted for and reported in another fund.

The City reports the following major proprietary funds:

Combined Public Utility System Enterprise Fund - This fund is used to account for activities connected with the development, operation, and maintenance of the City's Electric, Water and Sewer, and Natural Gas Systems.

ElbertonNET Technology Services Enterprise Fund - This fund is used to account for the activities connected with the development, operation, and maintenance of the City's cable television, high-speed Internet, Voice-over-Internet Protocol phone, and fiber optic-based telecommunications services.

2. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation – Fund Financial Statements, continued

Elbert Hotel Enterprise Fund - This fund is used to account for the activities connected with the development and operations of the Samuel Elbert Hotel located in downtown Elberton.

Additionally, the City reports the following fund types:

Governmental Fund Types

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources that are legally or donor restricted to expenditures for specific purposes.

Capital Projects Funds - These funds are used to account for financial resources to be used for the acquisition or construction of capital facilities (other than those financed by the proprietary funds).

Proprietary Fund Types

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The funds are self-supporting in nature where the costs, including depreciation, of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

Fiduciary Fund Types

Custodial Funds – These funds are fiduciary in nature and are accounted for using the accrual basis of accounting. These funds are used to account for assets that are held either for the City or for others. The City has a custodial fund to account for the activity of the Municipal Court. Liabilities are recognized when an event compels a government to disburse fiduciary resources, with the exception of taxes collected for other governments, in which case a government collecting taxes would incur a liability as soon as it takes control of resources since the other governments do not need to take further action to compel the government to disburse the resources. Fines and fees collected each month in the Municipal Court are immediately payable and due to other agencies and paid out in the subsequent month.

2. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation – Fund Financial Statements, continued

Component Units

The Elberton Downtown Development Authority is accounted for using a current financial resources measurement focus and uses the modified accrual basis of accounting. Under this method, revenues are recognized when susceptible to accrual.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due to/from other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

2. Summary of Significant Accounting Policies (continued)

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end).

2. Summary of Significant Accounting Policies (continued)

E. Measurement Focus and Basis of Accounting, continued

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

F. Revenues and Expenditures/Expenses

Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Certain indirect costs have been included as part of program expenses reported for the various functional activities.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

2. Summary of Significant Accounting Policies (continued)

G. Budgets and Budgetary Accounting

The City Council adopts an annual operating budget for all governmental fund types, prior to July 1, except for the Capital Projects Funds. The Capital Projects Funds are budgeted by the City Council when capital projects are approved. The operating budget includes proposed expenditures and the means of financing them. The budget is legally enacted by the passage of a resolution.

In mid-April each year, the departments submit their budget requests to the Finance Director. The Finance Department compiles a complete citywide budget and submits the proposed budget to the City Manager for review. Meetings are held between the City Manager, Finance Director, and department heads in May to review the proposed budget. City ordinance requires the City Manager to submit the proposed budget to the City Council forty days prior to the beginning of the next fiscal year. The proposed budget is made available to the public for review during this period. During June, the Mayor and Council conduct two public hearings to discuss the proposed budget and to obtain input from the citizens of the City of Elberton. These hearings are publicly advertised at least one week before each hearing. The final proposed budget is then adopted by the City Council on or before June 30 during a regular Council meeting, which is also open to the public.

The level of legal budgetary control (the level at which expenditures may not exceed appropriations) is the department level. All operating budget transfers between departments must be approved by City Council. Formal budgetary integration is employed as a management control device during the year.

Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) at the legal level of budgetary control, which is the department level. Expenditures may not exceed the appropriations within a fund. Budgets, as reported in the financial statements, are as originally passed by ordinance, and subsequently amended. During the year, several supplementary appropriations are made as needed. The results are increases and decreases to the appropriations within the funds. All annual appropriations lapse at year-end. The City does not use the encumbrance system of accounting.

2. Summary of Significant Accounting Policies (continued)

H. Cash and Investments

Cash and cash equivalents, as reported in the statement of cash flows, includes amounts in demand deposits, amounts with fiscal agents and investments with an original maturity at three months or less. Investments are reported at fair value with accrued interest shown under a separate caption on the balance sheet. Reinvested interest on certain debt service and capital project investments is included in the investment accounts.

The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets:
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

The City reports investments using net asset value (NAV) when NAV is calculated in a manner consistent with fair value measurement guidelines, fair value is not readily determinable, and it is not probable for the investment to be sold at an amount other than NAV.

I. Property Taxes

Amounts received from the local option sales tax, which are required to be used to roll back property taxes, exceeded the City's normal tax levy resulting in no property tax levy during the current fiscal year.

J. Intergovernmental Receivables

Receivables for state and federal grants are recorded as revenue for the period of the allocation or as earned based on expenditures made for which reimbursement is due.

2. Summary of Significant Accounting Policies (continued)

K. Inventories

Inventories for the General Fund are valued at average cost and recorded as expenditures when consumed. Inventories in the Enterprise Funds are valued at cost on the first-in, first-out method.

L. Prepaid Items

Payments made to vendors that benefit future reporting periods are recorded as prepaid items. Prepaid items in the governmental funds are accounted for using the consumption method.

M. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

GASB Statement No. 34 required the City to report and depreciate new infrastructure assets effective with the fiscal year ended June 30, 2003. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the City. Neither their historical costs nor related depreciation has historically been reported in the financial statements. The City implemented the requirements for retroactive reporting of major general infrastructure assets during the fiscal year ended June 30, 2007. The City elected not to report general infrastructure assets placed into service prior to July 1, 1980.

2. Summary of Significant Accounting Policies (continued)

M. Capital Assets, continued

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at acquisition value on the date donated.

Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets ranging as follows:

	Useful Life	Capitalization
	in Years	Threshold
Utility distribution system	10 to 50	\$ 10,000 - 20,000
Land improvements	5 to 50	10,000
Buildings	30 to 50	10,000
Equipment	2 to 10	5,000
Vehicles	5 to 10	5,000
Infrastructure	10 to 50	10,000 - 30,000
Intangible right-to-use		
Vehicles and equipment	2 to 10	5,000
Land	N/A	1
Nondepreciable intangibles	N/A	5,000

The costs of normal maintenance and repairs that do not add value or materially extend the life of the asset are charged to operations as incurred. Costs of major additions and improvements are capitalized.

The City has recorded intangible right-to-use leased assets as a result of implementing GASB Statement No. 87, *Leases*. The intangible right-to-use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The intangible right-to-use assets are amortized on a straight-line basis over the shorter of the estimated useful life of the leased asset or life of the related lease.

2. Summary of Significant Accounting Policies (continued)

N. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows of resources related to their defined benefit pension plans.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred inflows of resources related to their defined benefit pension plans.

O. Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

P. Fund Balance Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

2. Summary of Significant Accounting Policies (continued)

Q. Restricted Assets and Restricted Net Position

Restricted assets for bond redemption of the Combined Public Utility System Enterprise Fund represent resources set aside for the repayment of revenue bonds outstanding. The assets are maintained in a separate bank account and their use is limited by application of bond covenants. Restricted assets for the MEAG Generation Trust represent resources held in separate investment accounts for future MEAG construction projects. See Note 3 for additional details.

Restricted net position is equal to the excess of the restricted assets funded from operations over the liabilities to be paid with restricted assets which are due in one year or less. Restricted assets exclude bond proceeds for calculation of restricted net position.

R. Fund Balances – Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance in accordance with Governmental Accounting Standards Board Statement No. 54:

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact. All amounts reported as nonspendable by the City are nonspendable in form. The City has not reported any amounts that are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the City Council, the City of Elberton's highest level of decision-making authority, which include the language "committed for the purpose of". Commitments may be modified or rescinded only through adoption of a subsequent resolution, which shall refer to the original resolution by its number, title, and date of original adoption. A resolution committing amounts must be adopted prior to the end of the fiscal year; however, the amount to be committed may be determined within 90 days of fiscal year-end.

2. Summary of Significant Accounting Policies (continued)

R. Fund Balances – Governmental Funds, continued

Assigned – includes amounts that the City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the City's adopted policy, amounts may be assigned by the City Manager, under the authorization of the City Council, through a written memorandum. Amounts appropriated to eliminate a projected deficit in the subsequent fiscal year's budget shall constitute assignments and are documented by adoption of the City's annual operating budget. The City Manager has determined that all equity amounts reported in special revenue funds, capital project funds, debt service funds, or permanent funds not otherwise classified as nonspendable, restricted, or committed shall constitute assignments of fund balance.

Unassigned – includes amounts that do not fall into one of the above four categories. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that should report positive amounts this category of fund balance.

S. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

In the fund financial statements, governmental fund types, bond premiums and discounts are recognized during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

2. Summary of Significant Accounting Policies (continued)

T. Compensation for Future Absences

It is the City's policy to permit employees to accumulate earned but unused vacation benefits which will be paid to the employees upon separation from City service. Accumulated unpaid vacation pay amounts are accrued when incurred by the City in the government-wide, proprietary, and fiduciary fund financial statements. City employees earn sick leave in accordance with the City policy. Sick leave benefits accumulate at a rate established by the City, and employees may carry forward unused sick leave from year to year, up to a maximum of 640 hours. In accordance with GASB Statement No. 101, *Compensated Absences*, the City recognizes a liability for leave that has been earned and is more likely than not to be used for time off or otherwise paid to employees. The liability for compensated absences includes leave that is expected to be paid as a termination benefit as well as leave expected to be used as paid time off. In the proprietary funds, compensated absences are recognized as expenses and liabilities as the benefits are earned by employees. In governmental fund types, a liability is recorded only if the benefit has matured and is expected to be liquidated with expendable available financial resources.

U. Capital Contributions

Federal, state, and local government assistance in the form of grants that are permanent in nature and restricted for the construction or acquisition of specific property and equipment is recorded as an asset and as non-operating revenue.

V. Comparative Data and Reclassifications

Comparative total data of the prior period has been presented in the accompanying individual fund financial statements in order to provide an understanding of changes in the City's financial position and operations. Certain prior fiscal year amounts have been reclassified to conform with the current fiscal year presentation.

2. Summary of Significant Accounting Policies (continued)

W. Pension Plans

For purposes of measuring the net pension liability, and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Georgia Municipal Employees Benefit System (GMEBS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by GMEBS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

3. Deposit and Investment Risk

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of a financial institution failure, the City's deposits may not be returned. The City investment policies require that all deposits be federally insured or fully collateralized.

Interest Rate Risk

The City's investment policies place no limits on the maximum maturity of investments as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The City's investment policies authorize investment in the following securities approved by the State of Georgia for local governments. Authorized investments include certificates of deposit, repurchase agreements, direct and agency obligations of the United States, obligations of the State of Georgia or other states, and pooled investment programs of the State of Georgia. The City's policies do not establish a minimum credit rating for investments. Investments are reported at fair value.

Concentration of Credit Risk

The City's policies place no limits on the amount they may invest in any one issuer but require that the investment portfolio be diversified.

3. Deposit and Investment Risk (continued)

Foreign Currency Risk

The City's investment policies do not allow for investments denominated in a foreign currency.

The City participates in the State of Georgia Local Government Investment Pool. Assets in this pool are invested in Georgia Fund 1, created by OCGA 36-83-8, which is a stable net asset investment pool that follows Fitch's criteria for AAAf/S1 rated money market funds. Georgia Fund 1 is managed by the Georgia Office of the State Treasurer. The investment policies of Georgia Fund 1 are established by the Georgia State Depository Board. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company.

The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share. Georgia Fund 1 is managed by the Georgia Office of the State Treasurer. The investment policies of Georgia Fund 1 are established by the Georgia State Depository Board.

Georgia Fund 1 is rated AAAf/S1 by Fitch. The weighted average maturity at the end of the current fiscal year was 51 days. At the end of the current fiscal year, the City's balance in Georgia Fund 1 was \$2,193,594.

The City is a participant in the Municipal Electric Authority of Georgia (MEAG). The MEAG board approves an annual system budget from which MEAG bills its participants. At the end of the year, adjustments are made by MEAG to each participant's billings to agree with actual cost. Whenever MEAG recovers funds from the City in excess of its actual costs to serve the City, the City may elect to have their funds deposited in MEAG's Voluntary Flexible Operating Account or Generation Trust Account fund in lieu of receiving a refund. The voluntary stabilization fund is used to reduce future costs of the City at its discretion while also earning interest. The City is authorized to direct MEAG to retain or use the discretionary funds. The generation trust account is used to offset the City's share of future MEAG generation projects.

3. Deposit and Investment Risk (continued)

The Municipal Competitive Trust accounts are held in the Intermediate, Intermediate Extended Maturity, and Short-term Portfolios; these portfolios are not rated. At the end of the current fiscal year, the average weighted maturity of the Intermediate, Intermediate Extended Maturity, and Short-term Portfolios were 46.39, 34.52, and 7.63 months, respectively. The investments in each of the funds consist primarily of debt securities such as U.S. Treasuries, U.S Agency obligations, municipal bonds, and time deposits with financial institutions. The funds in these accounts are invested in securities that are typically held to maturity. At the end of the current fiscal year, the City's balances in the Voluntary Flexible Operating Accounts were \$12,744,198, and in the Generation Trust Accounts were \$72,430. The City of Elberton has no unfunded commitments or restriction on its ability to sell the investments in the Municipal Competitive Trust accounts.

The City measures and records its investments using fair value hierarchy measurement guidelines established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs other than quoted market prices. Level 3 inputs are significant unobservable inputs.

At the end of the current fiscal year, the City's investments consist of the following:

Investment	Fair Value Measurement						
	!	Level 1		Level 2	 Level 3		Fair Value
Municipal Competitive Trust:							
Short-term portfolio	\$	0	\$	1,309,709	\$ 0	\$	1,309,709
Intermediate-term portfolio		0		2,500,283	0		2,500,283
Intermediate-extended term portfolio		0		9,006,636	0		9,006,636
U.S. Treasury Notes		0		1,575,656	0		1,575,656
Total investments measured at fair value	\$	0	\$	14,392,284	\$ 0		14,392,284
Investments not subject to level disclosure Money Market Funds (classified as cash equ						_	343,575
Total Investments						\$	14,735,859

4. Accounts Receivable

Net accounts receivable at the end of the current fiscal year consist of the following:

Major Funds General Less: Allowance for Uncollectibles	\$ 20,571 (4,381)	\$ 16,190
Enterprise Funds		
Combined Public Utility System	2,862,301	
Less: Allowance for Uncollectibles	(471,430)	
ElbertonNET Technology Services	728,118	
Less: Allowance for Uncollectibles	(286,820)	
Elbert Hotel	152_	2,832,321
Nonmajor Funds		
Solid Waste	174,570	
Less: Allowance for Uncollectibles	(23,040)	151,530
Total primary government		\$ 3,000,041

5. Intergovernmental Receivables

Intergovernmental receivables at the end of the current fiscal year consist of the following:

Major Funds	
Enterprise Funds	
Combined Utility System	\$ 22,914
Nonmajor Funds	
Governmental Funds	
2024 TSPLOST	61,715
2023 SPLOST	 168,430
Total primary government	\$ 253,059

6. Interfund Receivables, Payables, and Transfers

A summary of interfund receivables and payables at the end of the current fiscal year is as follows:

Receivable Fund	Payable Fund	Amount
Combined Public Utility System	Elbert Hotel	\$ 688,633
	Nonmajor Proprietary	284,716
ElbertonNET Technology Services	Combined Public Utility System	3,308,924
Nonmajor Governmental	General	1,301
•	Combined Public Utility System	28,171
Elbert Hotel	Nonmajor Proprietary	 4,068
Subtotal		\$ 4,315,813

The balance reported as Due to/Due from represent loans between the borrower fund and the lender fund. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". The balances are expected to be repaid within one year.

6. Interfund Receivables, Payables, and Transfers, continued

Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

A summary of interfund transfers is as follows:

Transfer out Fund	Transfer in Fund	Amount
Combined Public Utility System	General Elbert Hotel	\$ 3,683,151 710,000
	Nonmajor Proprietary	283,172
ElbertonNET Technology Services	General Nonmajor Proprietary	415,000 190,000
Nonmajor Governmental	General	68,377
	Nonmajor Governmental	 13,720
		\$ 5,363,420

The transfer from the Combined Public Utility System Enterprise Fund to the General Fund in the current fiscal year was to partially fund the City's Splash Pad construction project as well as to cover budgeted subsidies for the fiscal year.

Interfund transfers were used to 1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, and 2) use unrestricted revenues collected to finance various programs accounted for in other funds in accordance with budgetary authorizations. Transfers are eliminated in the government-wide financial statements if the interfund transfer is within the governmental fund group or business-type fund group.

7. Intradepartmental Billings

Total operating revenues and total operating expenses in the Combined Public Utilities Enterprise Fund includes \$79,983, \$17,278, and \$521,232 of intradepartmental billings for water and sewer, natural gas, and electric usage, respectively. Total operating revenues and total operating expenses in the ElbertonNET Technology Services Enterprise Fund include \$44,748 of intradepartmental billings for cable television and high-speed internet usage.

8. Notes Receivable

In 2024, the City entered into a loan agreement with I.A.K. Company d/b/a Richard's Restaurant, a private third-party entity, to support economic development within the City. Under the terms of the agreement, the City loaned \$50,000 to the company for the purchase of real property from the Elberton Downtown Development Authority. The note bears interest at 1.00% and is repayable in monthly installments of principal and interest of \$438 through May 2034 (\$40,400 outstanding).

In prior years, the City has issued multiple loans to the Elberton Downtown Development Authority to finance various redevelopment and infrastructure projects in the downtown area. These loans are considered related party transactions as the Authority is a component unit of the City. Details of the outstanding loans to the DDA are as follows:

- \$280,000 original issue for improvements to the William O. Jones Building, due in monthly installments of \$2,000 through December 2031, interest at 0.00%, \$136,000 outstanding.
- \$51,250 original issue for planning the renovations of the upstairs of the William O. Jones Building, due in monthly installments of \$449 through June 2028, interest at 1.00%, \$15,916 outstanding.
- \$125,000 original issue for the acquisition and renovation of two commercial buildings located at 17 and 21 North McIntosh Street in downtown Elberton, GA, due in monthly installments of \$575 through March 2040, interest at 1.00%, \$94,070 outstanding.
- \$697,449 original issue for the stabilization and renovation of the building located at 23
 North Public Square in downtown Elberton, GA, due in monthly installments of \$2,906
 through October 2, 2042, interest at 0.00%, \$604,452 outstanding.
- \$150,000 original issue for the stabilization and renovation of the first floor of the building located at 23 North Public Square in downtown Elberton, GA, due in monthly installments of \$851 through March 2044, interest at 3.25%, \$143,204 outstanding.

The loans to the DDA are reported as notes receivable in the governmental funds and government-wide statements. Some of the loans are non-interest bearing, and repayment is structured based on the DDA's available tax increment revenues. Management has evaluated the collectability of these receivables and determined no allowance for doubtful accounts is necessary at this time.

8. Notes Receivable (continued)

The following schedule summarizes the expected collections on outstanding notes receivable:

Year Ending					
June 30,	Principal		Interest		Total
2026	\$	80,583	\$	5,997	\$ 86,580
2027		80,976		5,649	86,625
2028		81,332		5,293	86,625
2029		76,283		4,954	81,237
2030		76,600		4,637	81,237
2031-2035		272,986		18,246	291,232
2036-2040		247,467		10,136	257,603
2041-2044		117,815		2,287	120,102
Totals	\$	1,034,042	\$	57,199	\$ 1,091,241

9. Property Held for Resale

As of the end of the current fiscal year, the City held property with a carrying value of \$5,224,686 classified as property held for resale. This classification applies to real estate assets that are not currently used in the delivery of municipal services and are held with the intent of sale in the ordinary course of municipal operations or as part of community development initiatives.

These properties have been acquired through tax arrears, strategic purchases, or land development programs, and are available for immediate sale in their present condition, subject only to customary administrative procedures.

In accordance with GASB Statement No. 72, Fair Value Measurement and Application, these assets are recorded at the lower of cost or net realizable value. Cost includes acquisition price and any costs directly attributable to preparing the property for resale. The City reviews these assets annually to determine whether the net realizable value is less than the carrying amount. No impairment losses were recognized during the fiscal year.

10. Capital Assets

Capital asset activity for the primary government for the current fiscal year was as follows:

11. Long-Term Debt

Leases

Governmental Activities

The City entered into an agreement to lease certain equipment. The lease agreements qualify as other than short-term leases under GASB Statement No. 87, *Leases*, and have been recorded at the present value of the future minimum lease payments at their inception. Leases payable are comprised of the following individual leases at the end of the current fiscal year:

\$56,196 equipment lease due in monthly installments of \$1,018 through February 2026, interest at 0.617%, \$8,127 outstanding.

The following is a schedule of future minimum lease payments together with the present value of the net minimum lease payments at the end of the current fiscal year:

Notes from Direct Borrowings

Business-type Activities

The City entered into a direct borrowing agreement with the Georgia Environmental Finance Authority (GEFA) to finance improvements to the City's water system. The City borrowed \$2,000,000 due in monthly installments of \$9,296 of principal and interest through October 1, 2036; interest at 1.11% (\$1,187,498 outstanding). Upon an event of default, all outstanding principal and accrued interest may be declared immediately due and payable. Note payments and performance obligations are secured by revenues on taxes, fees and charges collected by the City.

The City entered into a direct borrowing agreement with the Georgia Environmental Finance Authority to finance improvements to the City's sewerage system. The City borrowed \$1,120,000 due in monthly installments of \$5,472 of principal and interest through May 1, 2037; interest at 1.63% (\$710,718 outstanding). Upon an event of default, all outstanding principal and accrued interest may be declared immediately due and payable. Note payments and performance obligations are secured by revenues on taxes, fees and charges collected by the City.

11. Long-Term Debt (continued)

Notes from Direct Borrowings, continued

Business-type Activities, continued

The City entered into a direct borrowing agreement with the Georgia Environmental Finance Authority for expansion of the City's water system. The City borrowed \$1,992,526 due in monthly installments of \$10,317 of principal and interest through October 1, 2040; interest at 2.25%. (\$1,611,597 outstanding). The City drew a total of \$2,490,657 on this agreement and recognized \$498,131 in principal forgiveness. Upon an event of default, all outstanding principal and accrued interest may be declared immediately due and payable. Note payments and performance obligations are secured by revenues on taxes, fees and charges collected by the City.

The City entered into a direct borrowing agreement with the Georgia Environmental Finance Authority in the amount of \$2,500,000 for expansion of the City's water treatment plant and related appurtenances. GEFA agrees to forgive \$900,000 of the loan if all funds are drawn. Monthly installments of principal and interest are due beginning on the first day of the calendar month following the date that the loan is fully disbursed (the Amortization Commencement Date) for 239 months; interest at 1.64% (\$1,465,433 outstanding). The City drew a total of \$1,596,800 on this agreement and recognized \$898,200 in principal forgiveness. Upon an event of default, all outstanding principal and accrued interest may be declared immediately due and payable. Note payments and performance obligations are secured by revenues on taxes, fees and charges collected by the City.

11. Long-Term Debt (continued)

Notes from Direct Borrowings, continued

Business-type Activities, continued

.,

The City entered into a direct borrowing agreement with the Georgia Environmental Finance Authority in the amount of \$2,500,000 for improvements to the City's water system components and related appurtenances. GEFA agrees to forgive \$1,250,000 of the loan if all funds are drawn. Monthly installments of principal and interest are due beginning on the first day of the calendar month following the date that the loan is fully disbursed (the Amortization Commencement Date) for 239 months; interest at 0.86% (\$73,194 outstanding). The City drew a total of \$146,388 on this agreement and recognized \$73,194 in principal forgiveness. Upon an event of default, all outstanding principal and accrued interest may be declared immediately due and payable. Note payments and performance obligations are secured by revenues on taxes, fees and charges collected by the City. The note is currently in draw down phase. Therefore, a future payment schedule has not been established and the payment schedule of the note is not included in the annual debt service requirement schedule below.

Annual debt service requirements for notes from direct borrowings are as follows:

11. Long-Term Debt (continued)

Notes from Direct Borrowings, continued

Elberton Downtown Development Authority Component Unit

The Elberton Downtown Development Authority entered into a direct borrowing agreement with the City of Elberton to help finance the planning of the renovation of the upstairs of the William O. Jones Building in downtown Elberton, GA, in the original amount of \$51,250. The agreement is secured by the William O. Jones Building. In the event of default, the lender has the option to declare the full unpaid principal balance due immediately. At the end of the current fiscal year, the balance of this note is \$15,916. Monthly installments of \$449 principal and interest are due through June 1, 2028; interest at 1.00%.

The Elberton Downtown Development Authority entered into a direct borrowing agreement with the Georgia Department of Community Affairs to refinance a lending agreement with Pinnacle Bank in the original amount of \$180,854. The agreement is secured by the William O. Jones Building located in downtown Elberton, GA. In the event of default, the lender has the option to declare the full unpaid principal balance due immediately. Monthly installments of \$1,182 principal and interest are due through September 1, 2024; interest at 2.00%. This obligation was paid in full during the current fiscal year.

The Elberton Downtown Development Authority has also entered into a direct borrowing agreement with the City of Elberton for improvements to the William O. Jones Building in the original amount of \$480,000. The agreement is secured by the William O. Jones Building. In the event of default, the lender has the option to declare the full unpaid principal balance due immediately. At the end of the current fiscal year, the balance of this note is \$136,000. Monthly installments of \$2,000 are due through February 28, 2031; interest at 0.00%.

11. Long-Term Debt (continued)

Notes from Direct Borrowings, continued

Elberton Downtown Development Authority Component Unit, continued

The Elberton Downtown Development Authority has entered into a direct borrowing agreement with the City of Elberton to finance the acquisition and renovation of two commercial buildings located at 17 and 21 North McIntosh Street in downtown Elberton, GA, in the original amount of \$125,000. The agreement is secured by the real property located at 17 and 21 North McIntosh Street in downtown Elberton, GA. In the event of default, the lender has the option to declare the full unpaid principal balance due immediately. At the end of the current fiscal year, the balance of this note is \$94,070. Monthly installments of \$575 principal and interest are due through February 1, 2040; interest at 1.00%.

The Elberton Downtown Development Authority has entered into a direct borrowing agreement with the City of Elberton to finance the stabilization and renovation of the building located at 23 North Public Square in downtown Elberton, GA, in the original amount of \$697,756. The agreement is secured by the real property located at 23 North Public Square in downtown Elberton, GA. In the event of default, the lender has the option to declare the full unpaid principal balance due immediately. At the end of the current fiscal year, the balance of this note is \$604,452. Monthly installments of \$2,906 principal are due through October 1, 2042; interest at 0.00%.

The Elberton Downtown Development Authority has entered into a direct borrowing agreement with the City of Elberton to finance the stabilization and renovation of the first floor of the building located at 23 North Public Square in downtown Elberton, GA, in the original amount of \$150,000. The agreement is secured by the real property located at 23 North Public Square in downtown Elberton, GA. In the event of default, the lender has the option to declare the full unpaid principal balance due immediately. At the end of the current fiscal year, the balance of this note is \$143,204. Monthly installments of \$851 principal are due through March 1, 2044; interest at 3.25%.

Notes from direct borrowings	Φ	1,072,635	\$	0	\$	(78,993)	\$	993,642	\$	75,749

Beginning balances of compensated absences have been restated in the governmental activities and the business-type activities for the implementation of GASB Statement No. 101, Compensated Absences. See Note 26 for additional details.

Total interest incurred and expensed in the governmental activities and the business-type activities during the current fiscal year was \$90 and \$166,434, respectively.

Revenue bond discounts/premiums are amortized over the life of the related debt using the straight-line method.

The City is subject to a legal debit margin of 10% of total assessed property value. The City's net assessed value is \$171,163,147. The City has \$0 of outstanding general obligation debt. The City has a total of \$17,116,315 (100%) of outstanding legal debt margin remaining.

13. Landfill Closure and Post-Closure Care Costs

At June 30, 1995, the City owned and operated a landfill site located on approximately 200 acres of land north of Elberton. The landfill had been operated at the site since 1990. State and federal laws and regulations require the operator to close the landfill once its capacity is reached and to monitor and maintain the site for thirty subsequent years. The City recognized a portion of the closure and post closure care costs in each operating period even though actual payouts would not occur until the landfill was closed. The amount recognized each year was based on the landfill capacity used as of the balance sheet date.

Effective July 1, 1995, Elbert County, Georgia, became the owner and operator of the sanitary landfill. All assets of the landfill and related leases were transferred to the County as of that date.

The agreement with Elbert County calls for the City and the County to each assume one-half of the closure and post closure care costs of the landfill cells (cells 1 - 8) existing on July 1, 1995, for future years. The City has recorded a contractual obligation to Elbert County of \$153,953. The obligation will be adjusted annually based upon current data and engineering studies. The landfill is closed and has no estimated remaining life. This liability is reported as a non-current contractual liability in the Governmental Activities on the Statement of Net Position.

14. Pension Plan

Plan Description. The City is a participating member of the Georgia Municipal Employees Benefit System (GMEBS), a state-wide agent, multiple-employer retirement system, administered by the Georgia Municipal Association. This is a defined benefit pension plan, which provides retirement, disability and death benefits to plan members and beneficiaries. The City has established provisions, which assign the authority to the City Council members to establish and amend the benefit provisions of the plan.

Control over the operation and administration of the plan is vested with GMEBS along with custody of the plan assets. The plan provides that the City has no liability with respect to payments or benefits or otherwise under the plan except to pay over to GMEBS such actuarially determined contributions as are required to meet minimum funding standards of the Public

14. Pension Plan (continued)

Retirement Systems Standards Law and provide benefits thereunder. If terminated, the plan provides that if there are funds remaining after the satisfaction of all liabilities, such funds shall not revert to the City but shall be allocated to employees. All employees are eligible for immediate participation. Officials are covered under the plan and are eligible for immediate participation.

There are no loans to any of the City officials or other "party-in-interest," and there are no prohibited transactions. The plan assets do not include any securities or investments in the City of Elberton. The funds are managed by independent money managers.

The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. The report may be obtained at www.gmanet.com or by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

As of the date of the most recent actuarial valuation participants consisted of the following:

Retirees and beneficiaries currently receiving benefits	101
Terminated vested participants entitled to	
but not yet receiving benefits	36
Active participants	121
Total number of participants	258

Benefits Provided. The plan provides retirement and death benefits. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 65 with no reduction in benefit. Members with thirty years of total service are eligible to retire at age 60 with no reduction in benefit. Officials are eligible to retire at age 65 with no reduction of benefits. Members are eligible for early retirement with reduced benefits based on the early retirement reduction table at age 55 after 10 years of service. The employee benefit formula is 2.00% with a ten year vesting schedule.

14. Pension Plan (continued)

Contributions. Employees make no contributions to the plan. The City is required to contribute the remaining amounts necessary to fund the plan in compliance with the minimum funding standards of the Public Retirement Systems Standards Law. The City's actuarially determined contribution rate for the current fiscal year was \$508,885 or 7.29% of covered payroll. The Council provides for the benefits and funding policy through City ordinance and maintains the authority to change the policy. The administrative expenses set by contract with GMEBS are in addition to the state-required annual funding requirement. This funding policy, as specified by ordinance, has been the same since the inception of the plan.

Pension Liabilities (Assets), Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions. At the end of the current fiscal year, the City reported a net pension liability of \$1,077,176. The net pension liability was measured as of September 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2025. For the current fiscal year, the City recognized pension expense of \$628,000. For the Governmental Activities, the net pension liability is liquidated by the General Fund.

At the end of the current fiscal year, the City reported deferred outflows of resources and deferred inflows of resources related to the plan from the following sources:

	0	Deferred utflows of esources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	861,109	\$ 0
Changes in participant fund allocation		76,719	(76,719)
Net difference between projected and actual earnings			
on pension plan investments		0	(2,028,885)
City contributions subsequent to the measurement date		427,208	0
Totals	\$	1,365,036	\$ (2,105,604)

14. Pension Plan (continued)

The \$427,208 of deferred outflows of resources resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net position liability in the subsequent fiscal year. Other amounts reported as deferred outflows and deferred inflows of resources will be recognized in pension expense as follows:

Fiscal Year Ending June 30	
2026	\$ (83,705)
2027	481,196
2028	(855,453)
2029	 (709,814)
Totals	\$ (1,167,776)

Actuarial Assumptions. The total pension liability in the January 1, 2025, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Projected salary increases 2.25% plus service-based merit increases

Cost of living adjustments 2.25%

Net investment rate of return 7.375%

Healthy mortality rates were based on the Sex-Distinct Pri-2012 Head-Count Weighted Healthy Retiree Mortality Table with rates multiplied by 1.25. Disabled mortality rates were based on the Sex-Distinct Pri-2012 Head-Count Weighted Disabled Retiree Mortality Table with rates multiplied by 1.25.

The mortality and economic actuarial assumptions used in the January 1, 2025 valuation were based on the results of an actuarial experience study for the period of July 1, 2015 through June 30, 2019.

14. Pension Plan (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2024, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	45%	6.60%
International equity	20%	7.03%
Domestic fixed income	20%	2.70%
Real estate	10%	3.40%
Global fixed income	5%	3.70%
Total	100%	

Discount Rate. The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that contributions from employer will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

14. Pension Plan (continued)

Changes in Net Pension Liability (Asset)

Liability (Asset) (a)	Net Position	Liability (Asset)
(a)	(1.)	
	(b)	(a) - (b)

Sensitivity of the Net Pension Asset/Liability to Changes in the Discount Rate. The following presents what the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.375 percent) or one percentage-point higher (8.375 percent) than

	Discount	Net Pension
	Rate	Liabilty (Asset)
1% decrease	6.375%	\$ 4,743,472
Current discount rate	7.375%	1,077,176
1% increase	8.375%	(1,941,935)

the current rate:

Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued Georgia Municipal Employees Benefit System financial report.

Other Plans. In addition to the plan above, various City employees are covered under the Peace Officers' Annuity and Benefit Fund of Georgia. Further information regarding this plan can be obtained from the plan's annual report. These plans are immaterial to the financial statements.

15. Deferred Compensation Plan

The City also provides retirement benefits for its employees through a deferred compensation, defined contribution plan. The Plan was created under Internal Revenue Code Sections 457 and 401(a). The Plan is administered by the Georgia Municipal Association (GMA), an independent third party. The City began participation in the plan during fiscal year 2004. All employees who work at least 30 hours per week are eligible to participate in the Plan. The City Council provides for the benefits and funding policy through a City ordinance and maintains the authority to change the policy.

Under the terms of the Plan, employees may defer a portion of their salary through voluntary contributions to the Plan. Employees may defer a maximum of 25% of their salary, up to the maximum allowable by federal law. After completing 30 days of service, the City contributes 100% of the employee's contributions, up to 6% of compensation per year.

Employee contributions are vested 100% at the time of contribution. Employer contributions are vested on a schedule of 20% after the first year of service and an additional 20% each year thereafter; employer contributions are fully vested after 5 years of service. Amounts held in the Plan are not available to the employees until termination, retirement, death, or unforeseeable emergency.

During the fiscal year, the City contributed \$298,480 to the plan based on covered salaries of \$5,754,014. Plan members made voluntary contributions of \$305,376 to the plan. Total payroll was \$7,577,300.

The City has no fiduciary relationship with the plans, and plan assets are not available to the City or its general creditors. The Plans assets are held in trust by the administrator for the exclusive benefit of the participants of the Plans.

16. Post Employment Health Care Benefits

The City does not provide post-employment benefits other than pensions and those mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured on or before the 10th day of the month for the actual month covered. This program is offered for the duration of 18 months after the employee's termination date. There is no associated cost to the City under this program.

17. Net Investment in Capital Assets

The net investment in capital assets reported on the government-wide statement of net position is calculated as follows as of the end of the current fiscal year:

					Co	omponent Unit	
					D	owntown	
	Go	vernmental	Bu	ısiness-Type	De	velopment	
		Activities		Activities	Authority		
Capital assets, net	\$	8,882,082	\$	37,611,523	\$	1,948,131	
Capital related accounts payable		(345, 344)		(2,624)		0	
Unspent debt proceeds		0		2,624		0	
Capital related retainages payable		(60,692)		0		0	
Leases payable		(8,127)		0		0	
Bonds payable		0		(1,841,583)		0	
Notes payable		0		(5,048,440)		(993,642)	
Net investment in capital assets	\$	8,467,919	\$	30,721,500	\$	954,489	

18. Restricted Fund Balances

The following is a summary of restricted fund balances of the governmental funds at the end of the current fiscal year:

	Ge	neral		Nonmajor overnmental Funds	Go	Total overnmental Funds
Restricted for:				_		_
Public Safety	•		•		•	0.
Police facilities and equipment Housing and Development	\$	25	\$	0	\$	25
Downtown development		0		1,177,449		1,177,449
Capital projects		0		1,752,263		1,752,263
	\$	25	\$	2,929,712	\$	2,929,737

19. Hotel/Motel Lodging Tax

The City has levied a 6% lodging tax, in accordance with Official Code of Georgia Annotated (OCGA) Section 48-13-51(3.7). The City is require to spend an amount equal to the amount by which the total taxes collected under the Code section exceed the taxes which would be collected at a rate of 3 percent for the purpose of promoting tourism, conventions, and trade shows, or for facilities used for these purposes. A summary of the transactions for the current fiscal year were as follows:

Lodging tax receipts	\$ 136,754
Disbursements to Chamber of Commerce, for Elbert Theatre, and for other tourism and visitor programs	\$ 68,377 50% of tax receipts
Transfers to the General Fund	\$ 68,377 50% of tax receipts

20. Transportation Expenditures

Amounts expended on transportation include transportation and operation costs and correspond with classifications and subclassifications specified in the local government uniform chart of accounts under subsection (e) of Code Section 36-81-3 within section 4200, including noncapital expenditures within sections 4210-4290.

Total General Fund expenditures within these categories totaled \$619,662 for the current fiscal year.

21. Joint Ventures

Under Georgia law, the City, in conjunction with other cities and counties in the northeast Georgia area, is a member of the Northeast Georgia Regional Commission and is required to pay annual dues thereto. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RC in Georgia.

The RC Board membership includes the chief elected official in each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. A copy of the NEGRC financial statements can be obtained from the Northeast Georgia Regional Commission, 305 Research Drive, Athens, Georgia 30605.

22. Related Organizations

The City of Elberton Housing Authority is considered a related organization to the City of Elberton. The City appoints members to the Authority but does not have the ability to impose its will or create a financial benefit or burden for the Authority. The Authority provides low-income housing for the individuals in the City of Elberton. The City received no payments for services provided during the current fiscal year.

23. Risk Management and Self-Insurance

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City has elected to manage its risk financing activities through the purchase of commercial insurance. There have been no insurance settlements exceeding insurance coverage for any of the past three fiscal years.

The City is a member of the Georgia Municipal Association (GMA) Group Self-Insurance Workers' Compensation Fund, a group self-insured program authorized by state statute and administered by GMA. The fund provides workers' compensation statutory coverage to local government entities in Georgia as an alternative to the standard commercial insurance market. The membership owns and controls the fund, resulting in dividends (or renewal credits) returned to the fund members, significantly reducing the cost of coverage for the membership. The cost of coverage is based on individual loss experience and underwriting.

23. Risk Management and Self-Insurance (continued)

Membership includes proactive safety and risk control service which includes loss control field service, individual member problem analysis, and on-site and regional training. Workers' compensation claims are reported to and administered by GMA employees.

The City's deductible for workers' compensation claims is \$500,000. At the end of the current fiscal year, the City has no losses that are probable or estimable and accordingly has not recognized any liability.

24. Commitments and Contingencies

Commitments

The City has entered into Power Sales Contracts with the Municipal Electric Authority of Georgia (MEAG). The contracts require the City to purchase from MEAG all of the City's bulk power supply, other than power supplied by Federally owned generation projects. MEAG is authorized to establish rates and charges so as to produce revenues sufficient to cover its costs. The City's payment obligations are general obligations to the payment of which the City's full faith and credit Final and taxing powers are pledged. The City purchased bulk power totaling \$12,823,529 from MEAG during the current fiscal year. The City's future minimum payment obligations to the Authority will be based on the Authority's costs and the City's yearly demand for bulk power supply.

The City has adopted the provisions of a Municipal Competitive Trust agreement between the City and MEAG. MEAG established the Trust for the mutual benefit of MEAG and its wholesale customers who elect to become participants. The Trust was created to provide a means to mitigate the expected differential between "after deregulation" market rates for power and the associated costs of generating that power.

The flexible operating trust account includes funds that are available to the City for operating costs and rate stabilization. At the end of the current fiscal year, the balance in this account was \$12,744,198. This amount is included in investments in the Combined Public Utility System Fund. The generation trust account is used to offset the City's share of future MEAG generation projects. At the end of the current fiscal year, the balance in this account was \$72,430. This amount is included in restricted investments in the Combined Public Utility Fund.

24. Commitments and Contingencies (continued)

Commitments, continued

As of the end of the current year, contractual commitments on uncompleted contracts totaled \$869,096.

Contingencies

The City's legal counsel has stated that there are presently no determinable lawsuits.

25. Deficit Equity Balances

At the end of the current fiscal year, the Elbert Theatre Enterprise Fund has a deficit net position of \$5,347. This is due to the increase of personal services expense in the current fiscal year. The City plans to liquidate this deficit net position through future revenue recognition.

26. New Accounting Pronouncements

The City implemented GASB Statement No. 101, *Compensated Absences*, effective for the City's current fiscal year. The requirements of this statement are effective for periods beginning after June 15, 2024. The implementation of this new standard decreased the City's beginning net position in the amount of \$259,734. See Note 27 for additional details.

The City implemented GASB Statement No. 102, *Certain Risk Disclosures*, effective for the City's current fiscal year. The requirements of this statement are effective for periods beginning after June 15, 2024. The implementation of this new standard had no impact on the City's beginning net position.

CITY OF ELBERTON, GEORGIA

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

For the fiscal year ended June 30, 2025

1. Valuation Date

The actuarially determined contribution rate was determined as of January 1, 2025, with an

interest adjustment to the fiscal year. Contributions in relation to this actuarially determined

contribution rate will be reported for the fiscal year ending June 30, 2026.

2. Methods and Assumptions Used to Determine Contribution

Rates

Actuarial cost method = Projected unit credit

Amortization method = Closed level dollar for remaining unfunded liability

Remaining amortization period = Remaining amortization period varies for the bases, with a net

effective amortization period of 10 years

Asset valuation method = Sum of actuarial value at beginning of year and the cash flow during

the year plus the assumed investment return, adjusted by 10% of the amount that the value

exceeds or is less than the fair value at end of year. The actuarial value is adjusted, if necessary,

to be within 20% of fair value.

Net investment rate of return = 7.375%

Projected salary increases = 2.25% plus service-based merit increases

Cost of living adjustments = 2.25%

Retirement age for inactive vested participants = 65

Mortality = Healthy mortality rates were based on the Sex-Distinct Pri-2012 Head-Count

Weighted Healthy Retiree Mortality Table with rates multiplied by 1.25. Disabled mortality rates

were based on the Sex-Distinct Pri-2012 Head-Count Weighted Disabled Retiree Mortality Table

with rates multiplied by 1.25.

84

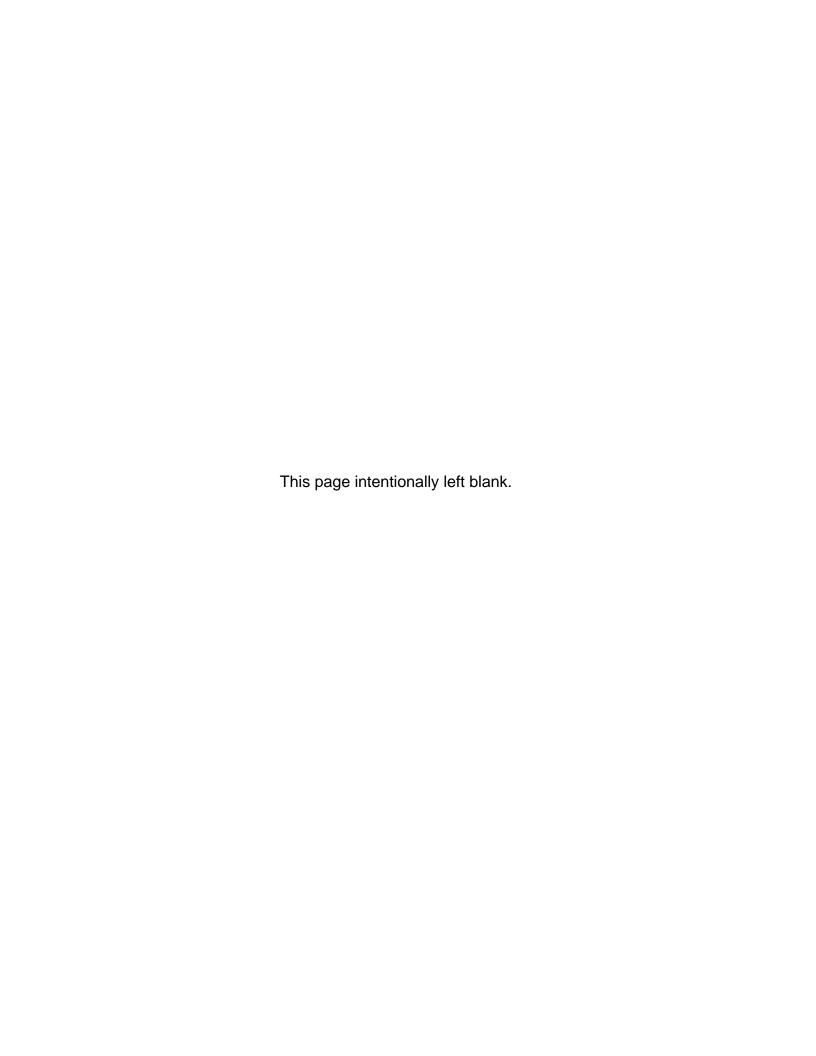

CITY OF ELBERTON, GEORGIA NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION For the fiscal year ended June 30, 2025

3. Changes in Benefits

There were no changes in benefit provisions in the last two fiscal years.

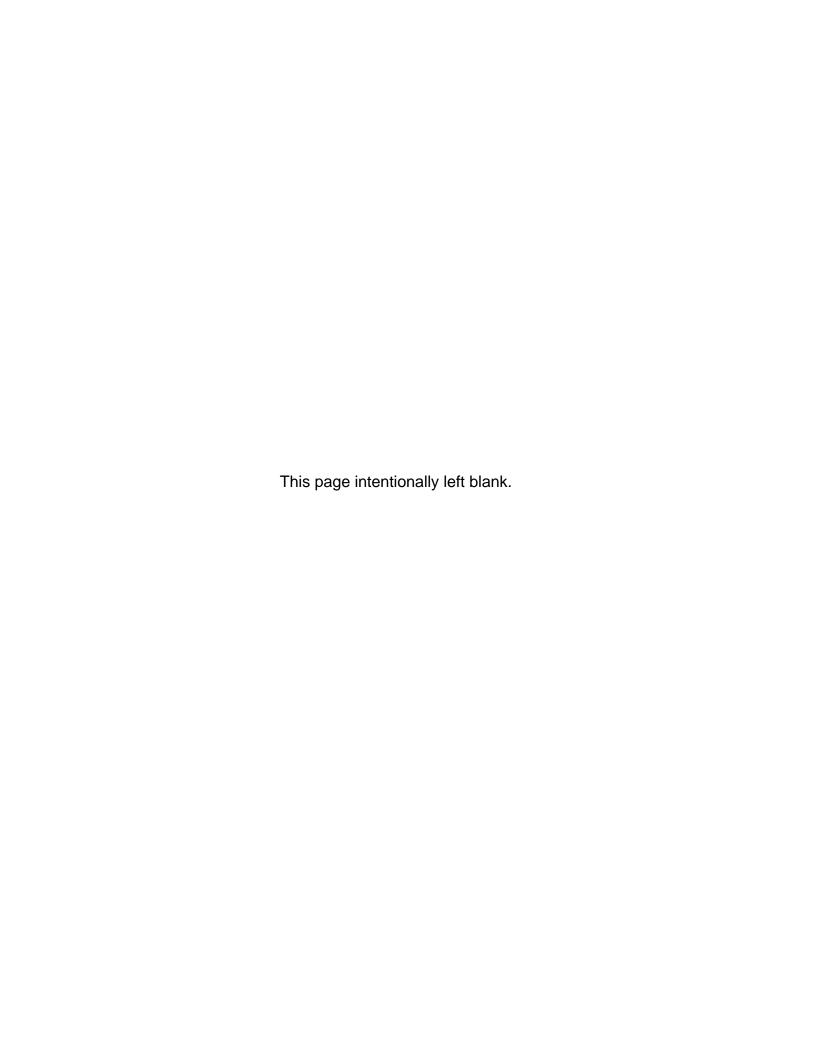

4. Changes of Assumptions

There were no changes in assumptions in the last two fiscal years.

SPECIAL	REVENUE	FUNDS
OI LOIAL	NEVENUE	· CIID

Special revenue funds are used to account for the proceeds of specific revenues sources that are legally or donor restricted to expenditure for specified purposes.

American Rescue Plan Act Fund – This fund is used to account for revenues and expenditures of the American Rescue Plan Act Coronavirus State and Local Fiscal Recovery Fund.

Hotel/Motel Tax Fund – This fund is used to collect Hotel/Motel taxes which are used to help support trade and tourism in the City of Elberton.

Revolving Loan Fund – This fund is used to record activities connected with US Department of Housing and Urban Development Community Development Block Grant. The objective of the grant is to develop employment opportunities, principally to persons of low and moderate income.

ENTERPRISE FUNDS

Enterprise Funds account for City operations which are financed and operated in a manner similar to private business enterprises.

Combined Public Utility System Fund - This fund is used to account for the operations of the City's Electric, Water and Sewer, and Natural Gas Systems pursuant to requirements of the revenue bond ordinance.

Solid Waste Fund - This fund is used to account for the operation of the City's residential and commercial sanitation services and recycling operations.

ElbertonNET Technology Services Fund - This fund is used to account for the operation of the City's cable television service and high-speed internet service systems.

Elbert Theatre Fund - This fund is used to account for the operation of the City's historic theatre.

Elbert Hotel Fund – This fund is used to account for the construction and operation of the City's historic Samuel Elbert Hotel located in downtown Elberton.

Part III Statistical Section

City of Elberton Statistical Section

(Unaudited)

This section of the City of Elberton's annual comprehensive financial report presents detailed information as a context for understanding this year's financial statements, note disclosures, and supplementary information. This section includes data for the City (i.e. the primary government) only and does not include the City's discretely presented component unit. This information has not been audited by the independent auditor.

Contents	
	<u>Page</u>
Financial Trends These tables contain trend information that may assist the reader in assessing the City's current financial performance by placing it in historical perspective.	140-154
Revenue Capacity These tables contain information that may assist the reader in assessing the viability of the City's most significant "own-source" revenue sources and trends of these sources. Property taxes are not a source of revenue for the City; however, property tax valuation and tax rate information is included as an indicator of the City's growth and overall economic condition.	155-158
Debt Capacity These tables present information which may assist the reader in analyzing the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	159-165
Demographic and Economic Information These tables offer demographic and economic indicators that can be used for financial analysis and to provide a better understanding of the City's present and ongoing financial status.	166-167
Operating Information These tables contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	168-173
Other Information	174-175

Source: Unless otherwise noted, the information in these tables is derived from the annual financial reports for the corresponding years.

Direct and Overlapping Governmental Debt As of June 30, 2025

Governmental Unit	Debt Outstanding	Estimated Percentage Available	Estimated Share of Overlapping Debt
Debt repaid with property taxes: Elbert County Schools Elbert County Subtotal, overlapping debt	\$0 0	0% 0%	\$0 0 0
City of Elberton direct debt			8,127
Total direct and overlapping debt			\$8,127

Source: Debt outstanding data provided by Elbert County Schools and Elbert County Finance Offices.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of

the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Elberton. The process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the

debt, of each overlapping government.

Note: The outstanding debt reported from overlapping authorities includes bonds, notes, loans,

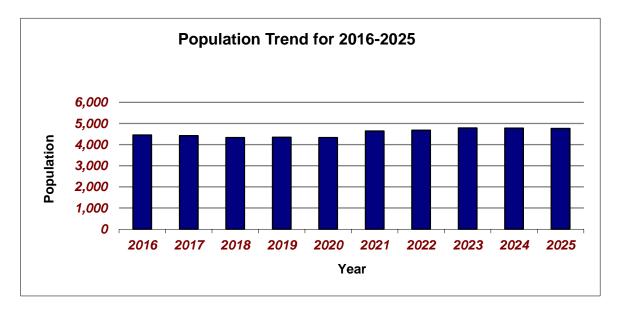

certificates of participation, and leases as reported on their Governmental Activities Sheet.

Part IV Other Reporting Section

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with Government Auditing Standards

Honorable Mayor and Members of the City Council City of Elberton, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Elberton, Georgia, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City of Elberton, Georgia's basic financial statements, and have issued our report thereon dated October 31, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Elberton, Georgia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Elberton's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Elberton's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control, described below, that we consider to be a material weakness.

2025-001

Condition: A material restatement was required for the correction of an error regarding beginning balances of accounts payable and expense.

Criteria: Properly designed internal controls should prevent material misstatements to the financial statements.

Effect: Failure to properly apply internal control policies and procedures led to financial statements that were materially misstated.

Cause: The City was not aware of a significant invoice related to prior year goods or services until after the fiscal year had closed, and no process was in place to follow up on outstanding obligations or confirm accruals with this vendor at year-end.

2025-001, continued

Recommendation: Management should strengthen year-end closing procedures by implementing controls to identify and accrue for all material obligations incurred prior to year-end.

Management Response: Management concurs with this finding. Management discovered and corrected the prior period balance during the current fiscal year. The City's Finance Department also updated policies and procedures to ensure year-end accruals were complete.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Elberton, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Elberton, Georgia's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City of Elberton, Georgia's response to the findings identified in our audit and described above. City of Elberton, Georgia's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

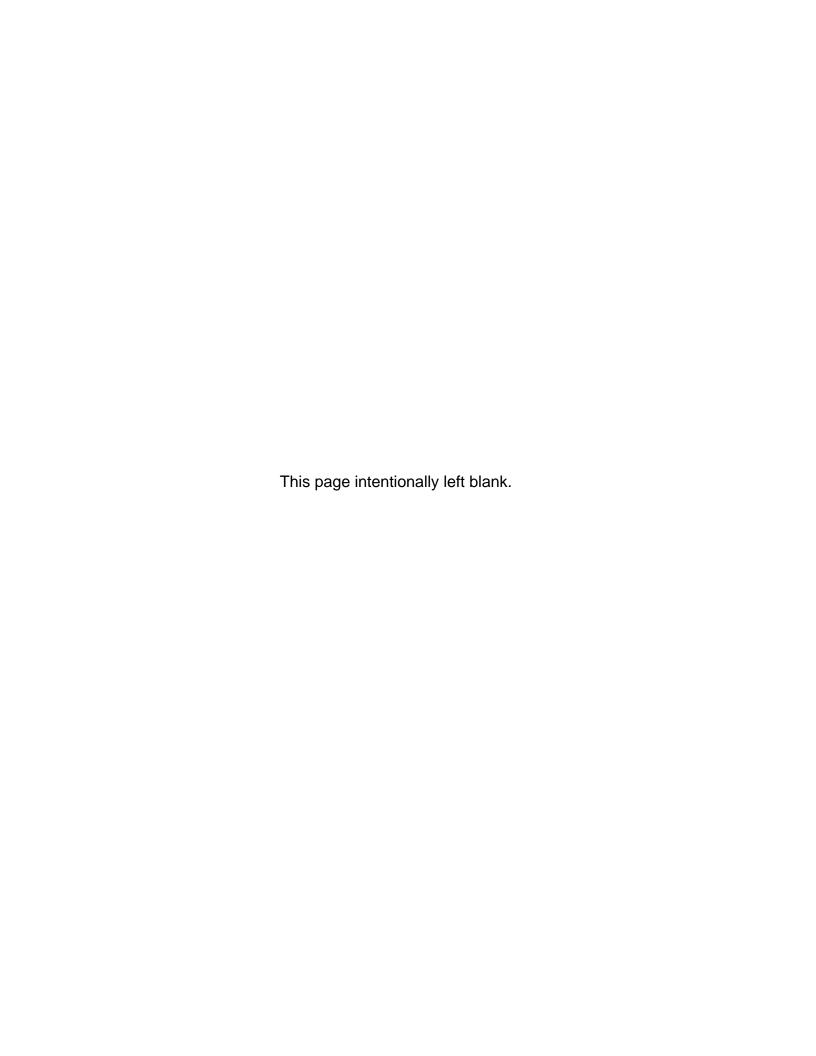

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Elberton, Georgia's internal control over compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
