## **Job Announcement Filter Plant Operator**

The City of Elberton is currently seeking qualified applicants. We offer a competitive compensation package including several fringe benefits such as Paid Vacation and Sick Leave, Paid Holidays, Group Medical and Dental Insurance, Employer Provided Life Insurance, Employer Provided Long-term Disability Insurance, and Two Retirement Plans—a defined benefit pension plan at no cost to the employee, and a defined contribution plan that matches employee voluntary contributions up to 6% of salary.

A Filter Plant Operator is responsible for managing equipment and chemical processes to treat water, ensuring it meets safety and quality standards. This role involves continuous monitoring of systems, performing laboratory tests, and maintaining mechanical equipment to guarantee a reliable supply of water.

Applicants should have basic knowledge in several core scientific and mechanical areas. Basic knowledge of how pumps, valves, and motors work, as well as the ability to use common hand and power tools for minor repairs. Applicants should be able to read and record data from meters, gauges, and charts.

**A full copy of the job description may be obtained by contacting the City Clerk.**
